DETAILED ACTION

This is in response to amendment filed on 9/8/05 in which claims 1-29 are pending. The applicant's amendments have been fully considered therefore this case is in condition for allowance.

Allowable Subject Matter

1. The following is an examiner's statement of reasons for allowance: the prior arts of record fail to anticipate or render obvious the following recited features: determining a weight for said first antenna element that optimizes an interference-related quality criterion based on said individual channel responses as recited in all independent claims.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."

Conclusion

2. The prior art made of record and not relied upon is considered pertinent to applicant's disclosure.

Thomas et al U.S. Patent No 6,504,506 B1 teaches a device a method for fixed in time adaptive antenna combining weights.
